

Landulph Summer BioBlitz Entry Form

- For the Landulph BioBlitz we want you to find and identify wildlife species in a garden.
- Spend up to **one hour** in your garden, or a family or friend's garden, at any time before 13 September 2024 and record the wildlife you see on this form or online.
- Do the BioBlitz just once or as many times as you can across the summer, filling in the form each time.
- Please only observe the wildlife and do not touch or pick it. Take care around garden ponds.
- See the leaflet on the Landulph website for more information.

The following information will only be used to contact you about your entries and will not be published:

Name(s):

Age (if under 16):

Phone number:

Email:

For each BioBlitz, please send the following information - by submitting this you agree to it being published.

Address of garden:

Date :

Start time:

Finish time:

Weather (tick all that apply)

For each species in your BioBlitz please complete the following:

- What is it?
- Size ? (cm)
- Colour(s) ?
- Distinguishing features ?
- Where did you find it ?
- Add a photo or drawing ?
- What is its specific name (species) ?
- How many can you see?

Continue overleaf on a separate sheet

Example

Butterfly
2 – 3 cm, red/black/white/blue on wings
perched on flowers in sunshine.
Peacock butterfly.

Hand your BioBlitz results into Landulph School Reception or to Tamarisk (bottom of Fore Street in Cargreen), or email clare.tagg@landulph.org.uk by 13 September 2024.
